

# 1995 INDEX OF ARTICLES

This index is a headline listing of major articles published in *Army RD&A* during 1995.

## JANUARY-FEBRUARY

- Shaping AMC For Force XXI
- Interview With Gilbert F. Decker, ASA(RDA)
- The Soldier-Information Interface
- America's Army: Into The 21st Century
- U.S. Army Research Office: Research Efforts For Force XXI
- Army Research Laboratory Contribution To Force XXI
- RD&E Centers Play Key Role In Force XXI
- Acquisition Streamlining In Support Of Force XXI
- The Acquisition Intern And Mentor Programs
- Acquisition Interns, Mentors Visit Select Army Facilities
- What Mentors Say About Mentoring
- What Interns Say About Interning
- Army Names R&D Achievement Award Winners
- Tactical Endurance Synthetic Aperture Radar
- Returns On Investment In AMC-FAST
- Software Specifications And Standards
- Individual Mobilization Augmentees
- User Experience: Does It Really Matter?
- Embedded Diagnostics Technology For Reduced Logistics and Maintenance Costs
- TARDEC Eyes Active Suspension For Military Vehicles

## MARCH-APRIL

- Corps Labs—A Unique National Asset In Research Capabilities
- Corps Support To Force XXI
- Corps Of Engineers Technology Transfer
- Construction Productivity Advancement Research Program
- Synthetic Theater Of War—Europe
- The Production And Demilitarization Phases
- Workshop Attendees Review Acquisition Corps Implementation
- The Paladin Enterprise Solution
- Owning The Weather
- Testing At Yuma Proving Ground's Mine, Counter-mine, And Demolitions Complex
- Contingency Contracting In Central America
- High Accuracy Intrinsic Voltage Standards
- Military Specifications And Standards: Blueprint For Change...Some Cautions
- The Partnering Team
- XM56 Type Classified
- Training With Industry At General Motors

## MAY-JUNE

- The Army Research Institute And Force XXI
- Soldier Selection For Force XXI
- Developing Force XXI Battle Commanders
- Development Of A Force XXI Training Management Strategy
- Design Of Mounted Warfare Training For Force XXI
- The Role Of Flight Simulation In The Force XXI Army
- Army's Newest Command Focuses On Soldier As A System
- Combat Identification For The Dismounted Soldier
- Sleep, Sleep Deprivation, And Continuous Operations
- Force Provider
- High Performance Computing: An Army Initiative
- Six Sigma In Product Development
